EDUCATION

B.Tech CSE

Dr. APJ Abdul Kalam Technical University

08/2021 - Present

PROJECTS

MERN Stack Ecommerce Web Application (In my Balcony) (09/2022 - 11/2022)

- Skills : MERN, HTML, CSS, JS, Redux, Bootstrap, etc.
- An end to end, ready to use web application with both user and admin panel
- Admin panel includes, admin chat bot component able to make one to one interaction, real time analytics charts using recharts library, CRUD operations on Products and users.
- Node JS , mongoose and Express were used to create backend server, connected to frontend using axios library.

News Web Application (TazzaKhabar) (01/2023 - 01/2023)

- TazzaKhabar is a web application which uses NewsAPI to fetch news in different categories
- I was learned, how can we fetch data from the API and then populate it throughout the web page
